

**LETTINGS POLICY**

---

Our Policy on letting is as follows: -

We do not let out school buildings or grounds.

The rationale behind this policy is: -

- Since the school building underwent extensive development (part new build, part refurbishment) the new design and layout is not suitable for hiring out, in part or as a whole.

This policy will be renewed from time to time and if any changes are suggested, they will be approved at a full Governing Board Meeting.
